Use the squares in the sheet on your table to produce diagrams representing the fractions below.

\[
\frac{1}{2} \quad \frac{1}{4} \quad \frac{1}{8} \quad \frac{1}{3} \quad \frac{1}{6}
\]

\[
\frac{1}{9} \quad \frac{1}{12} \quad \frac{1}{5} \quad \frac{1}{10} \quad \frac{1}{15}
\]

Then, you will cut and glue them in your notebook so you can consult it if you need in the future.
